GREENHILL ECO 23

GREENHILL ECO 23

218 M2

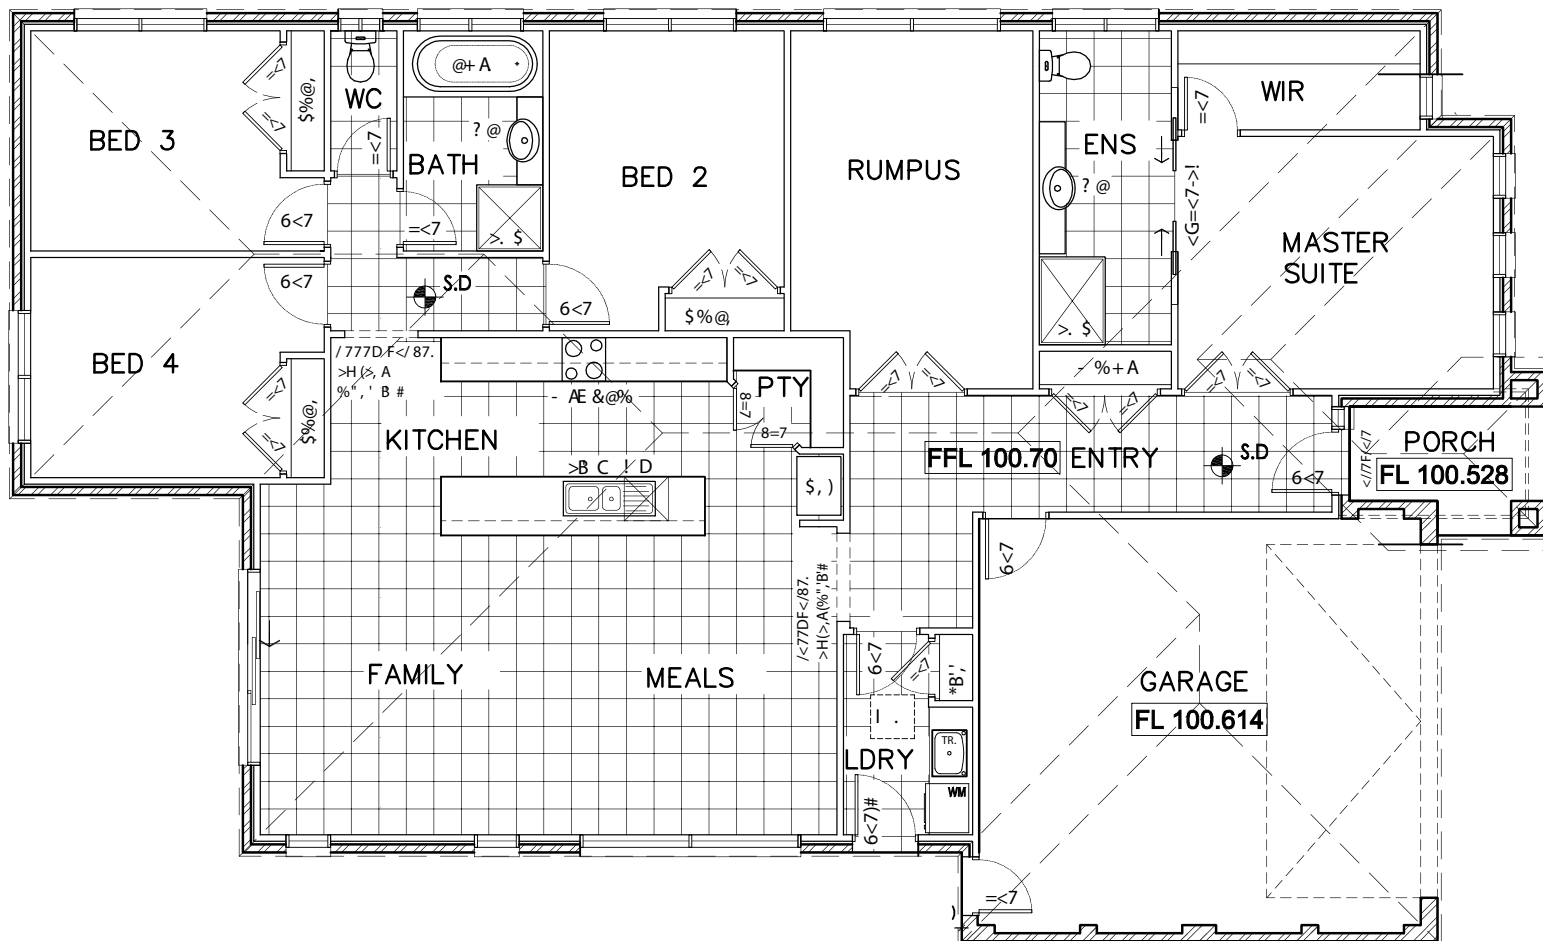

4  2  2  2 

The Greenhill Eco 23 is one of our most popular plans, suiting growing families because of its practical layout. The Porch provides a dignified welcome to the Entry.

Master Bedroom at front has wide Ensuite Bathroom. Three other bedrooms at rear. Consider the flexibility... Bedroom 2 can be utilised as Study or Home Office, or remove wall separating it from Rumpus to create a spacious Family Room.

The home has extensive floor tiled area to the "casual living zone" that is the Kitchen, Family & Meals area, where most of the family activity occurs. Designed for energy efficiency, this zone is oriented to capture sunlight and for family to enjoy views to garden and lawn.

Direct access from Garage to house is a convenience.

218M², 2,347 SQFT, 8 ROOMS, 4 BEDROOMS
